Ft. Meade, MD 20755-6804

Terra State Community College
Prof. Sara Akers
2830 Napoleon Road
Fremont, OH 43420

13 February 2017

Prof. Akers:

I am pleased to inform you that the National Security Agency and the Department of Homeland Security have designated Terra State Community College as a National Center of Academic Excellence in Cyber Defense Two-Year Education (CAE2Y) through academic year 2022.

Your ability to meet the increasing demands of the program criteria will serve the nation well in contributing to the protection of the National Information Infrastructure. The Presidents' National Strategy to Secure Cyberspace, 14 February 2003 and the International Strategy for Cyberspace, May 2011, addresses the critical shortage of professionals with these skills and highlights the importance of higher education as a solution to defending America's cyberspace. "Like all nations, the United States has a compelling interest in defending its vital national assets, as well as our core principles and values, and we are committed to defending against those who would attempt to impede our ability to do so." Education is the key to promoting these ideals.

Certificates will be presented during an evening reception at the National Cyber Security Summit in Huntsville, Alabama. The NCS is scheduled for 6 – 8 June 2017. Details on the Summit, to include a CAE Principals Meeting will be finalized soon. We appreciate your participation in this program and look forward to seeing you in June.

Sincerely,

\s\

Karen Leuschner
National CAE Program Manager, NSA
