

TSCC (A.A.S./A.A.B.) and PFW (B.A.S.)

**ARTICULATION AGREEMENT BETWEEN
Terra State Community College
Associate of Applied Science and Associate of Applied Business Programs**

and

**Purdue University by and on behalf of
Purdue Fort Wayne and its
Bachelors of Applied Science**

**Article I
Agreement on Principle**

Purdue University by and on behalf of Purdue Fort Wayne, a state educational institution organized and existing under the laws of the State of Indiana, located at 2101 E. Coliseum Blvd, Fort Wayne, IN 46805 (PFW) and Terra State Community College (TSCC) located at 2830 Napoleon Rd., Fremont, OH 43420 agree that students who choose to begin their studies at a community college and transfer to a university to earn a bachelor's degree should be provided with a smooth curriculum transition that minimizes loss of credit and duplication of coursework. Therefore, PFW and TSCC agree to enter into this articulation agreement to facilitate the completion of the Associate of Applied Science or Associate of Applied Business programs at TSCC and the Bachelors of Applied Science program at PFW. Both parties enter into this agreement as cooperating, equal partners who shall maintain the integrity of their separate programs. This agreement does not address financial aid eligibility. Each student's eligibility to receive financial aid will be evaluated on an individual basis and administered in compliance with all Federal, state and local regulations and policies.

**Article II
Agreement on Program Specifics**

PFW and TSCC agree that interested students may transfer the course credits indicated on the attached articulation guide toward a Bachelor of Applied Science (B.A.S.) at PFW. Under this agreement, PFW will accept credits from TSCC and will require a minimum of 32 resident credit hours to be completed while at PFW. Students must complete a minimum of 15 hours at the 30000-level or above in courses applicable to the major. Furthermore, a minimum of 30 credit hours must be taken at the 30000-40000 level to meet PFW's graduation requirements; transfer courses, at the appropriate level, fulfill this requirement. A minimum of 120 total credits is required to graduate.

To use this agreement students must apply and be admitted to PFW and to the B.A.S. program. TSCC students will receive equal consideration with other students seeking admission and financial aid.

The Ohio Transfer 36 (OT36) for General Education may be completed before admission to PFW. If already on the transcript, the OT36 designation will be accepted at PFW after January 1, 2023. Students who have not satisfied the OT36 requirements must complete PFW's General Education requirements as applied to transfer students. All other PFW graduation and program requirements must be satisfied whether by transfer courses, PFW courses, or approved substitutions or waivers.

TSCC (A.A.S./A.A.B.) and PFW (B.A.S.)

For the purpose of this articulation agreement, both TSCC and PFW agree to accept transferable courses from each other and from other regionally accredited institutions. Articulation guides will be provided to assist students in completing the articulated program of study. Each institution will determine the satisfaction of their individual program and degree requirements. Any substitutions for courses must be approved by the PFW Director, Integrated Studies or designee if not already stated in the agreement. In the case of a student who has accumulated credits before declaring this program, every effort will be made to maximize the use of credits already completed. All students using this agreement must complete an Associate of Applied Science or Associate of Applied Business degree.

Article III Agreement on Communication

PFW and TSCC agree to cooperate in communicating with each other and with their common and respective publics concerning the established relationship between the two institutions. Communication may include the development of various kinds of publications to inform those who might benefit personally or professionally from the opportunities provided by this agreement. Faculty and staff at both institutions will share the information in this agreement with interested and qualified students and both institutions will provide counseling and advising to students and prospective students.

Article IV Maintenance and Review Procedures

At least one administrative or faculty member from each institution will be appointed to act as agents for the implementation of this agreement, to speak for the institutions and to communicate changes to respective faculty members, advisors, counselors, and others to whom the information is pertinent. Responsibility for oversight of this agreement rests with the Vice President of Academic Affairs at TSCC and Associate Vice Chancellor for Academic Programs at PFW. Both parties agree to communicate annually any changes in their respective programs that may affect this articulation agreement.

Effective Date: January 1, 2023 until June 30, 2025.

This agreement is consistent with the 2022-2023 Catalog. Students have until summer 2029 to graduate from Purdue Fort Wayne following this agreement. In the event that a student does not complete the program within seven years, they may be required to have their credits reevaluated using the requirements of the current articulation guide.
